

President's Message

Dear alumnae,

It gives me a great pleasure to meet you all through this newsletter. I am deeply grateful to our principal and faculty for giving me an opportunity to serve as president of the TBAKC Alumnae Association from 2012 to 2015 and for their support and guidance to complete my tenure as president successfully.

I would like to share with you few points in this newsletter. As the greatest ambassadors of alma mater, alumnae should play a vital role in implementing and spreading the knowledge they have acquired in their alma mater. At this moment, I would like to remember the Chinese saying

"Remember the source of the water when one drinks from it".

It illustrates clearly the deep sense of gratitude that one should have in their life.

By keeping this in mind, alumnae should come forward to share their life and career experiences in the alma mater which never fail to inspire the current students.

Alumnae help to transmit the essence of college spirit, from one generation to the next by setting as an example. By offering their time,

effort and money alumnae provide an example of how much the college has an impact on their lives. Finally, I would like to personally encourage you to get involved, to reach out and to connect with us. Remember to update your contact information so we are able to send you information about upcoming events. We always expect your valuable suggestions and opinions for further development.

All the best

*With warm regards,
Dr. K. Buvaneshwari*
