

LIBRARY COLLECTIONS

The college management and members of staff of the library committee play a vital role in making the collection of various books for the library. Library collection includes books, periodicals and electronic resources. Selection of books and acquisition are based on the syllabi prescribed for various courses conducted at the college. Textbook collections, reference collections and books on general knowledge and current affairs form the important sources of our college library.

DOCUMENT	TOTAL NO. OF VOLUMES	TOTAL NO. OF TITLES
BOOKS	27865	20823
